Mr. Kim and Logo
Korea Bartenders' Guild

September 12, 2016

Mr. Max Kim
President
Korea Bartenders' Guild
Seoul, Korea

Dear Mr. Kim,

This is the second time for me to send a letter about our study to the Korea Bartenders' Guild. I am the Doctor and Chairperson of Sports in Japan. It is my pleasure to introduce our academic homepage "**chairperson.jp**" which is visited from all over the world including China (??). For your information, I will have informed about the "**Chairperson 20th Anniversary Treatise**" which is an unconventional style (not a full paper style) to the professors of the University of Tokyo in 2012, Harvard University in 2013, Oxford University in 2014 and Paris University in 2015 for the "**Doping-Backdoor Theory**," the general managers or assistant general managers of hundreds of four or five-star hotels around the world for the "**Chairperson Cocktail**" and the regular members of the Vienna Philharmonic Orchestra for "**My Way**" in (2010 and) 2016. "There are one and only theory and cocktail for universities and hotels in the 21st century."

In Japan, Waseda University, the sole first-class private university, does not use the entrance-examination broker and 70 ~ 80% of the undergraduate students have a brain. Dr. Kaoru Kamata, present President of Waseda University and his henchmen spoke ill of me at Waseda University, "We (Waseda) can't accept Dr. Shida's way of conducting his research. He promotes his research on the floor, not on the stage ..." behind my back on July 10, 2006. From a bitter (not sweet) view point, three-fourth of undergraduate students of Waseda University are strong and one-fourth of them are weak, like Keio University which is the third-class private university to use the entrance-examination broker. "Quarter Weak (*San-kyou, Ichi-jaku*)."

The University of Tokyo is the best one among about ten first-class public universities which does not use the entrance-examination broker and 100% of the undergraduate students have a brain. Two professors of the University of Tokyo gave their historical and traditional 'Academic Harassment' to me at the University of Tokyo. They dropped their head abruptly towards me on March 14 and May 22, 2012. For your reference, Fukushima University and my old school, Mie University are near first-class public universities which do not use the entrance-examination broker and 90% of the undergraduate students have a brain.

President Kim, it would be grateful if the Korea Bartenders' Guild is interested in my research. These serious situations for our study in the academic field in Japan had been reported to the Board of Directors of the Japan Society for Medical Education on May 30, 2015. Please feel relieved, but a little.

Sincerely,

Mr. Max Kim
President
Korea Bartenders' Guild
Seoul, Korea

Dear Mr. Kim,

I will take a short business trip to Seoul on September 25, 26 and 27, 2016 by Korean Air and stay at the Conrad Hotel Seoul on September 25 and Four Seasons Hotel Seoul on September 26 in Seoul. I sent a letter to you on November 21, 2014 for our discussion about **“Chairperson Cocktail”** in spring, 2015. And this is my second letter. I would like to hear your story (*Danwa*) about our one and only **“Chairperson Cocktail”** in Seoul in autumn, 2016. I will be able to visit any place in Seoul or its suburbs including your office in the Korea Bartenders' Guild any time between 4pm on September 25 to 10pm on September 26, 2016. [I will bring a small amount of Angostula Bitters from Japan and the head bartender of the Four Seasons Hotel Seoul has a homemade Angostula Bitters. So we can also choose from all bars in Seoul.] Still, it may be difficult that the Korea Bartenders' Guild will respond to my proposal, “Meeting with President of the Korea Bartenders' Guild and Creator of the **“Chairperson Cocktail”**” in Seoul since the “Nut Return (power harassment by Ms. Heather Cho)” at the John F. Kennedy International Airport on December 5, 2014 because the president of the guild work for Korean Air which was in the midst of too much tension. President Kim, if you have spare time during your stay in Tokyo in the near future, I would like to offer you a glass of the **“Chairperson Cocktail”** at my home ground, Roppongi Hills Club Japan which is one of three most prestigious members' clubs in Japan or Hotel New Otani Tokyo for which President Hiroshi Komoriya of the Hotel Barmen's Association, Japan works. Seven restaurants, banquet room, bar and lounge of the Roppongi Hills Club and restaurant La Tour d'Argent Tokyo and main bar Capri of the Hotel New Otani Tokyo can make our **“Chairperson Cocktail”** perfectly which is not on the menu but is the world-class. Please contact me by e-mail (To yukihisa.shida@mie-university.com).

A doctor of Seoul National University said “It is an honor to fail the examination for the medical faculty than pass the other faculties of our Seoul University” at the Seoul National University Hospital about more than 30 years ago. In Japan, it is an honor to pass the entrance examination to test scholastic ability for a national university because only brilliant candidates can pass it. As for me, it is an honor to have passed an examination to test scholastic ability for Fukushima University (public university, Japan) on March 15, 1984. On the other hand, it is shame to have costed about forty million yen to pass the Japanese national examination for medical practitioners at Aichi Medical University (private backdoor university, Japan) on May 7, 1986. One of the partner institutions of Seoul National University, Keio University (Tokyo) is a private, money-powered backdoor university, too. Many doctors who are graduates of Keio University spent the same amount of money as I did is a shame (*Hazukashii*) and some doctors who are graduates of Keio payed the backdoor fees (sixty million yen) are terrible (*Hidoi*) in Japan.

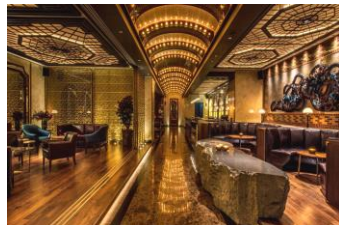

“Something was wrong.”
