Mr. Tomoyuki MURASE Chief Azabu Police Station Minato-ku, Tokyo, Japan

Chief Murase

Dear Chief Murase,

I wish Chief a Happy New Year. I am Dr. Yukihisa SHIDA, living and working in the Tokyo metropolitan area. This is to inform you of a trouble regarding a dating club which falls within the jurisdiction of Azabu Police Station in Tokyo.

Tradition Co., Ltd. (President: Mr. Fumio SHIBUYA, Head office: 7F San-ai Bldg., 1-8-6 Shinmachi, Nishi-ku, Osaka, Roppongi branch: 7-15-13-404 Ropppongi, Minato-ku, Tokyo), which runs a legal dating club "Versailles" in Japan and China... has not refunded my money I paid and requested to return during the cooling-off period (8 days after having made contract) in 2021. Versailles promotes itself on its website by saying that:

"Versailles is a first-class, members-only dating club. Since we are a legal members-only club approved by the competent authorities, you may use the club without any worries. In addition, we are the No. 1 dating club specialized in high class. We don't seek immediate profits, but place ultimate priority on a trust relationship with customers." (An excerpt from Versailles' official website as of 2021. Azabu Police Station is an authority concerned.)

Such an expression on its website can be legal but it might cause a misunderstanding that Azabu Police Station gives the club reassurance as a reliable club for people who use the club. I think the above content leads to my trouble, so I am sending this letter to you so that you can know about the club.

Of course, in the field of my professional study, "sports and medical education," the fact that private Tokyo Medical University (Shinjuku City, Tokyo), a private mediocre university which is a shame and burden of the universities in Japan, keeps a tight lid on an entrance examination broker who belongs to the private Waseda University (Shinjuku City, Tokyo) clique and medical education expenses of more than 60 million yen including donations on its website, and the Japanese Ministry of Education, Culture, Sports, Science and Technology, which is in charge of overseeing the university, organizes backdoor, money-powered admissions and tolerates the existence of the university, cannot be overlooked like major newspapers do in Japan this century. In addition, there are various rumors in China about backdoor admissions.

Thank you for your attention to the above. Please let me give you a greeting when I have the opportunity to meet you at a party for members, etc. at the Roppongi Hills Club in Minato City in Tokyo.

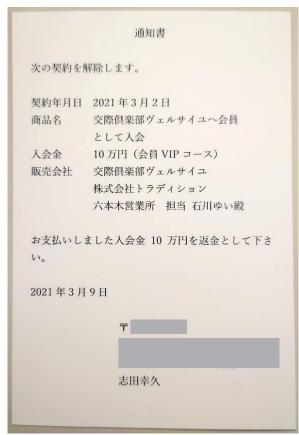

Sincerely,

Yukihisa SHIDA M.D., Ph.D., Mie University

In terms of the dating club in Japan

Dating clubs in Japan (that have expanded overseas including China) create a system in which male members pay an entrance fee or annual fee of 30 thousand to 1.2 million yen and a referral fee of about $20 \sim 100$ thousand yen to date registered female university students or young company workers or talents, etc. Specifically, it is possible to offer dinner for a female member who is a graduate of private Waseda University (70 - 80% of students are brilliant, Tokyo), the university Prime Minister Fumio KISHIDA, a chairperson representing Japan (assumed the post on October 4, 2021) graduated from, or a female member who is a graduate of national University of Tokyo (100% of students are brilliant), the university Chief Justice Naoto OTANI of the Supreme Court graduated from. For your information, President Haruhiko SHIDA of the Shin Kuki General Hospital (391 beds, Saitama Prefecture) for which

Dr. Haruhiko SHIDA (He is not my relative.)

I (Dr. Yukihisa SHIDA) have worked for about 10 years as a part-time Physician is also a graduate of national University of Tokyo.

Incidentally, there is an urban legend in the Tokyo metropolitan area saying, "If a man has a relationship with a brilliant woman who graduated from national University of Tokyo, he and people around him change."

national University of Tokyo get better for me.

Shin Kuki General Hospital

On the other hand, former minister Taro KONO, who competed for the presidency of the Liberal Democratic Party (de facto prime minister) with Fumio KISHIDA in September, 2021, foolishly alluded to sexual experiences with brilliant female graduates of private Keio University and Georgetown University (U.S.A.), saying that he is enthusiastic and gets wild, together with the mass media consisting of the academic clique of private Keio University (70 – 80% of students are brilliant) in the major newspaper. Unfortunately, however, like graduates of private Nihon University (Tokyo), he does not have power, head or confidence to break the barrier of deviation value of 50, the score that serves as a benchmark for Japanese brilliant people.

Similarly, Mr. Yoshihito OKINAGA, President of private Teikyo University (husband of Hiroko Okinaga, President of private Heisei Teikyo University, Tokyo), who is proud of abandoning normal social formalities and having a used car (that has the barrier of a new car) does not acquire sympathy of us, brilliant people whose deviation value is above 50. Sho SAKURAI, a nationwide popular idle says "I became a grown-up," or "I feel love," but his deviation value is below 50. Even if he leaves the impression of being a grown-up who can feel love, unfortunately, he is not considered to be a brilliant person who has an evidence (scientific basis) by Japanese people. A mediocre person whose deviation value is below 50 and brilliant person whose deviation value is above 50 cannot balance their minds.

Incidentally, a male doctor who graduated from national Chiba University (70 - 80% of students are brilliant, Chiba Prefecture) and a young female doctor, a graduate of national University of Tokyo clearly stated to the world that private medical colleges and medical departments of private universities in Tokyo are below national universities' medical schools on the Internet in Japanese in 2021. However, people involved in brilliant national Chiba University should, first of all, call their students and graduates of the Faculty of Education and others who were admitted by recommendation and their deviation value is below 50 "mediocrities," or "the low."

"Drink as equals"

"Used car in the
restaurant Gust parking lot"
"See no evil, hear no evil,
speak no evil."

Newsweek Japan edition December 14. 2021

Let me compare our brilliant people of national universities such as Fukushima University and Chiba University in Fukushima Prefecture and Chiba Prefecture, whose deviation value is above 50 with Sho SAKURAI. Though his deviation value is below 50, he graduated from a famous private university in Tokyo and wrote a report under the theme of "Memories of the War." As a result, he appeared on the cover of Newsweek Japan edition in 2021. Even if your deviation value is below 50 and you are a mediocre at a private university such as private Waseda University (Tokyo) where mediocrities are dominant, when you achieve a good record at the Tokyo-Hakone Round-Trip private College Ekiden Race that is held on January 2 and 3, every New Year, for example, you will be widely covered by the media including newspapers, TV, and weekly magazines nationwide. Please refer to the academic paper, "Paper on January 26, 2021 (Japan)" on the academic homepage, chairperson.jp.

国立福島大学、国立千葉大学など私共秀才国立大学の秀才(偏差値 50 より上)と比較させていただきますと、Talent の櫻井翔さんは「偏差値 50 より下」と頭の偏差値は劣られるものの、東京の有名私立大学を卒業され「戦争の記憶」との Theme で Report を書かれ、2021 年、Newsweek 日本版の表紙を飾ることがお出来になりました。櫻井翔さん以外でも、偏差値が 50 より下の方、「私立早稲田大学などそこら(凡才が支配的な空気)の私立大学における下の凡才」でいらっしゃっても、例えばお正月恒例の私立大学対抗箱根駅伝で大学生駅伝選手として活躍されれば、新聞、TV、週刊誌等で全国的に大きく報道されます。学術 Homepage「chairperson.jp」 内 Academic Papers「Paper on January 26, 2021 (Japan)」をご参照下さい。

"Private medical colleges and medical departments of private universities in Tokyo (private Tokyo Medical University, private Teikyo University...) are below national universities (Chiba University, The University of Tokyo...), however, we think it's better not to look down on them whose deviation value is below 50."

Dr. Ryu HOSOI talked with a brilliant woman who graduated from national University of Tokyo, Dr. Yuki, about significance of and worth going to The University of Tokyo Faculty of Medicine at a preparatory school (not at a restaurant) in Japan.

交際クラブ ヴェルサイユ

株式会社トラディション

明けましておめでとうございます。私、東京首都圏在住、在勤、医師の志田幸久と申します。貴東京都 麻布警察署管轄の交際倶楽部、芸能プロダクションにつきましての問題を認めましたため、以下報告さ せていただきます。

合法的な交際倶楽部「ヴェルサイユ」、株式会社トラディション(代表者:渋谷文男殿、本社:大阪 府大阪市西区新町 1-8-6 三愛ビル 7 階、六本木営業所:東京都港区六本木 7-15-13-404) は、別紙 クーリング・オフ請求の通知に関しまして、返金等の対応をしていただけない状況が 2021 年みられてま したが、本交際倶楽部はご自身の Homepage 上、下記の PR をしてみえました。

「『高級交際倶楽部ヴェルサイユ』は、最高級の完全会員制交際クラブです。当クラブは、 所轄官庁届出済で許可を受けた合法的な会員制クラブですので安心してご利用いただけます。 高級に特化した業界 NO.1 の高級交際クラブです。また当クラブは目先のお金ではなく、 お客様との信頼関係を第一に考えております。| (2021 年に公表してみえた交際倶楽部 ヴェルサイユの Official Homepage より抜粋。届出所轄官庁は麻布警察署。)

この様な交際倶楽部 Homepage 上の表現は、例え合法でありましても、麻布警察署が交際倶楽部「ヴ ェルサイユ | の所轄官庁として、当交際倶楽部が利用者にとりまして安心できる倶楽部であるかの保証を 与えてみえるかの誤解を招きかねません。今回の Trouble にも繋がっていますため、念のためご報告さ せていただきます。なお私の専門分野「Sports と医学の教育」におきましても、「入試 Broker と寄附金 等を含めた 6 千万円以上の医学教育費」との事実を大学の Homepage 上ひた隠しにされ、監督官庁であ ります文部科学省が自ら、凡才でみえ日本の大学の恥、お荷物の私立東京医大(東京都新宿区)の裏口金 権入学を私立早稲田大学学閥で主宰され、大学経営を容認してみえますことは、もちろん大新聞の様に 見逃されてよいことではありません。また中国におかれましても、裏口入学に関しては様々な噂が聞か れています。

交際倶楽部について

日本における交際倶楽部(中国などにも進出)は、例えば男性が 3 ~ 120万円程の入会金、年会費と 2 ~10万円程の紹介料を支払い、男性から大学生、会社員、芸能人など交際倶楽部に登録してみえる若い女性との Date を依頼出来る System で、具体的には、日本を代表する Chairperson でもみえる、日本国政府 岸田文雄総理大臣(2021 年 10 月 4 日新総理就任)の出身大学である私立早稲田大学(学部生の7~8 割が秀才)、最高裁判所 大谷直人長官の出身大学である国立東京大学(学部生の 10 割程が秀才)からの後輩女性(後ろの方)にも、Dinner の申込みが可能です。ちなみに私の 10 年来の非常勤内科勤務先、新久喜総合病院《391 床、埼玉県》の志田晴彦病院長も国立東京大学ご出身です。

なお東京首都圏では、「男性が国立東京大学からの秀才女性と二人のお付き合いになると、男性本人と男性の周囲の人間が変わる」との都市伝説が囁かれていまして、実際、ご自身の指使いが艶っぽく拝見出来る公立札幌医大兼私立慶應大学の教授(国立京都大学医学博士)の態度が明らかに丁寧になられ、国立東京大学学閥の雰囲気が良くなったりします。

その一方岸田文雄現総理大臣と自民党総裁(事実上総理大臣)の座を 2021 年9月に争った河野太郎(元)大臣は、私立慶應大学(学部生の 7~8 割が秀才)学閥の Mass Media と共に、(河野は)「やる気がある」「暴れる」など大臣として大新聞社の紙面上、暗に国立東京大学、私立慶應大学、米国 Georgetown 大学などの秀才女性との大人の経験をあほくさく強調していらっしゃいましたが、残念ながら私立日本大学の卒業生と同じく、日本の秀才 Line とされる偏差値 50 の壁を突破する力も頭も自信も持ってみえず、相変わらず偏差値 50 より下の凡才でみえます。同じく偏差値 50 より下の凡才でみえる私立帝京大学 冲永佳史理事長(私立帝京平成大学 沖永寛子学長の配偶者)の「無礼講」、「中古車(新車の壁)」自慢(?)と同じく、私達偏差値 50 より上、秀才の仲間の共感も得られてはみえません。「大人になりました」「愛を感じます」と述べてみえる国民的アイドルの櫻井翔さんも偏差値は 50 より下で、大人の愛を感じられた雰囲気に変わられても、残念ながら日本国民から Evidence(科学的根拠)のある秀才とは思われてはみえません。凡才(偏差値 50 より下の方)と私達秀才(偏差値 50 より上の方)の間では、頭の Balanceも取れません。

その一方余談ですが、国立千葉大学出身の男性医師が 2021 年 Internet の動画にて、国立東京大学出身の若き女性医師とお二人で「東京の私立医大、私立大学(医学部)は、国立大学より下」と世界に向って日本語で明言されてますが、秀才の国立大学でみえる千葉大学関係者はまずご自分達から、すなわち国立千葉大学の推薦入試入学等の「偏差値 50 より下」の教育学部などの学生、卒業生を、「下」、「凡才」とおっしゃっていただかなくてはなりません。
