Cocktail “Chairperson”

August 23, 2023

Executive Assistant General Manager
Four or Five-star Hotel
Bangkok, Thailand

Dear Assistant General Manager,

This is the first time for me to send a letter about our study to your hotel. I am the Doctor and Chairperson of Sports in Japan. It is my pleasure to introduce our academic homepage “**chairperson.jp**” which is visited from all over the world excluding China (?). For your information, I have informed about the “**Chairperson 20th Anniversary Treatise**” which is an unconventional style (not a full paper style) to the professors of the University of Tokyo in 2012, Harvard University in 2013, Oxford University in 2014 and Paris University in 2015 for the “**Doping-Backdoor Theory**,” the general managers or assistant general managers of hundreds of four or five-star hotels around the world for the “**Chairperson Cocktail**” and the regular members of the Vienna Philharmonic Orchestra for “**My Way**” in (2010 and) 2016. “There are one and only theory and cocktail for universities and hotels in the 21st century.”

In Japan, Waseda University, the sole first-class private university, does not use the entrance-examination broker and 70 ~ 80% of the undergraduate students have a brain. Dr. Kaoru Kamata, (former) President of Waseda University and his henchmen spoke ill of me at Waseda University, “We (Waseda) can’t accept Dr. Shida’s way of conducting his research. He promotes his research on the floor, not on the stage ...” behind my back on July 10, 2006. From a bitter (not sweet) view point, three-fourth of undergraduate students of Waseda University are strong and one-fourth of them are weak, like Keio University which is the third-class private university to use the entrance-examination broker. “Quarter Weak (*San-kyou, Ichi-jaku*).” The University of Tokyo is the best one among about ten first-class public universities which does not use the entrance-examination broker and 100% of the undergraduate students have a brain. Two professors of the University of Tokyo gave their historical and traditional ‘Academic Harassment’ to me at the University of Tokyo. They dropped their head abruptly towards me on March 14 and May 22, 2012. For your reference, Fukushima University and my old school, Mie University are near first-class public universities which do not use the entrance-examination broker and 90% of the undergraduate students have a brain.

Assistant General Manager, it would be grateful if your hotel is interested in my research. And I am content that your hotel just gets to know our cocktail “**Chairperson.**” No response will be needed. These serious situations for our study in the academic field in Japan had been reported to the Board of Directors of the Japan Society for Medical Education on May 30, 2015. Please feel relieved, but a little.

Sincerely,

I will take a business trip to Macau and stay at the Grand Lisboa Hotel on August 27 and Wynn Hotel Macao on August 28, 2023, which is second visit to Macau and had been postponed since May 2020 due to the Covid-19 pandemic. [Reference: Academic Papers (D) “Paper on September 1, 2019 (China)” and “Paper on October 1, 2019 (China)” on the academic homepage “chairperson.jp”]

Furthermore, I will take a business trip to Bangkok and stay at the Mandarin Oriental Hotel Bangkok on October 29 and 30, 2023. When I stayed at the Beverly Wilshire, A Four Seasons Hotel in Beverly Hills, Los Angeles on July 7, 2023, General Manager Reed Kandalraft conveyed to me (Dr. Shida) through his staff, “Unfortunately, it is difficult to take a picture with you (Dr. Shida).” On the other hand, the Mandarin Oriental Hotels in New York, Boston, Tokyo and Kuala Lumpur, and their managers were kind enough to take a picture with me on my visits to the hotels.

Regrettably, the Beverly Wilshire, A Four Seasons Hotel may not have grasped the following situations:

- 1) We would like to introduce the cocktail “Chairperson” around the world. If the role that the cocktail “Chairperson” plays is recognized as the top of culture free of barriers between men and women by people around the world from its name, it is nothing but what Cocktail “Chairperson,” Chairman and Chairwoman truly desire as art works. And the cocktail “Chairperson” is expected to become one of the symbols by which chairpersons around the world will be aware of their important role as the “Top of Culture,” given its name and image.
- 2) The Imperial Hotel Tokyo (Leading Hotels of the World) and probably the Randolph Hotel Oxford have taken pictures with many VIP guests who stayed at their hotels. For example, when the President, Chairperson, Prime Minister, Minister... of a foreign country or international society, etc., stay at the Imperial Hotel Tokyo, not only the General Manager but also the No.3 manager of the hotel will ask to have a picture taken with them.
- 3) The Four Seasons Hotel Otemachi, Tokyo where I stayed ten times in 2022 puts on its website, “We will meet any requests our guests may have.”

Successive Presidents of private Waseda University (Tokyo) also do not distinguish between “brilliant (deviation score is more than 50)” and “mediocre (deviation score is below 50)” and often lead to confusion in the academic field in this century. As a result, the university’s atmosphere is dominated by mediocrities.

FOUR SEASONS

“We don’t know the cocktail ‘Chairperson’ (created by M.D. ,Ph.D. «Brilliant; Deviation score is more than 50 in Japan» of a Japanese national university)” ?

“Tsutawaru-chikara (The power of letting information convey)”

The difference between “conveying information” and “letting information convey.”
“Letting information convey” is the next step.

TBS Announcer **Takahiro INOUE**

I (Mr. Inoue) am low-key and has no attractive aura. So, I have practiced 52 things.

Mr. Atsuhiko NAKATA (Japanese famous comedian who runs “Nakata University on YouTube”)

“This is the best textbook ever! It’s filled with ‘this is how to let information convey.’”

Mr. Shogo IMAMURA (Japanese Naoki Award-winning author)

“It’s not just about Mr. Inoue’s skills; there is a secret in the way he lives to ‘letting information convey.’”

Ms. Tomy (Psychiatrist with about 380,000 followers on Twitter)

“This book is packed with ‘professional tricks of the trade!’”

Three celebrities are praising Mr. Takahiro INOUE and his book!!

Mr. Takahiro INOUE doesn’t possess the power to convey “the information that he is mediocre” to the Japanese people, but he possesses the power to let the information that he is mediocre convey to Japanese people in the near future because he is a famous announcer in Japan.
