Mr. Matthias Al-Amiry
General Manager
Adlon Hotel Kempinski
Berlin, Germany

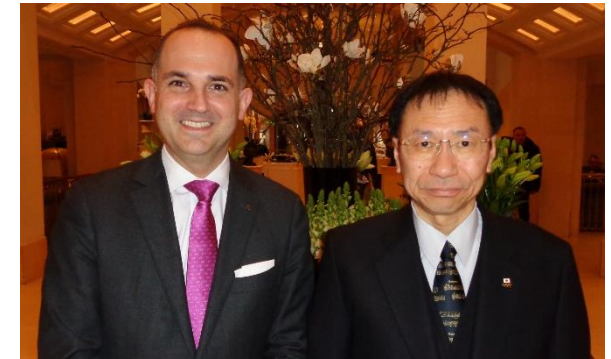

Dear Mr. Al-Amiry,

I stayed at the Adlon Hotel Kempinski Berlin on January 24 and 25, 2020. I appreciate your kindness in allowing me to stay at the Adlon Hotel Kempinski Berlin and to give a comment to you, as I did at Osaka University, on January 25, 2020.

Mr. Matthias Al-Amiry: General Manager of the Adlon Kempinski Hotel Berlin (January 25, 2020)

Dr. Shida provides an explanation to Mr. Al-Amiry

“In the 21st century, on the back of a dwindling number of children, college enrollment has been declining in Japan, so private universities have expanded the base of college admissions to increase the number of students who are admitted through irregular entrance examinations by recommendation or from the attached high school or the admissions office in addition to regular examinations to test scholastic ability. As a result, the number of mediocrities has increased at five private universities except one national university, the University of Tokyo, including Waseda University, Keio University, Meiji University, Rikkyo University and Hosei University that belong to the Tokyo Big 6 Baseball League, a famous baseball league in Japan, the Japanese version of the Ivy League in the Northeastern United States. In contrast to the fact that brilliant students are dominant at national universities, the number of mediocrities is dominant at private universities. Though there is no mediocrity at University of Tokyo, 20 ~ 40% of students at the five private universities of the baseball league are not brilliant, but mediocre. They often identify themselves with brilliant students who passed the paper entrance examinations for national universities. For example, Mr. Sho Sakurai, a famous talent in Japan, played a brilliant doctor graduated from a national university as a movie actor. He appeared at ‘Kohaku Utagassen,’ NHK (Japan Broadcasting Corporation)’s year-end grand song festival as a MC and singer. He is also an anchor and commentator of a news program on commercial television broadcasting, but he is a mediocrity who graduated from a private university. He is not considered to be a brilliant person who get accepted to National Universities like Fukushima University, not passed the national examinations for medical practitioners or the national bar examination, or didn’t even write a doctoral thesis at a graduate school. The graduates of the private universities of the baseball league have that kind of strong tendency of identifying themselves with brilliant students of national universities in particular. They don’t even admit to the fact that I am brilliant who passed the entrance examination for Fukushima University, probably because they might have a sense of rivalry with brilliant persons, saying repeatedly, ‘*Naruhodo* (OK),’ ‘*Daijoubu* (We have a sense of stability. All right !),’ and ‘*Strong* (We are strong).’ The fact that there are more mediocre students at private universities like Waseda University than at national universities give them complexes. I hear often at the Fifty-one Lounge of the Roppongi Hills Club, Japan that some lowbrow members who neither read Time or Newsweek nor know the difference between doctors and nurses talk about nonsense, the same low-level (*Ahokusai*) as private universities. Outrageous tuitions or college admissions brokers at the private medical schools are scarcely reported and neither the faculty of the University of Tokyo nor the executive board of the Japan Society for Medical Education responds to my arguments. In consequence, numbers or figures in the medical education field announced by Japanese universities or mass media are unreliable. In Japan, where it is repeatedly reported that if you buy an item priced at 1,000 yen, you will be charged a consumption tax of 80 or 100 yen, one out of seven children is faced with poverty, and not a few people commit suicide due to hardships of life, the Special Investigation Department of the Tokyo District Public Prosecutors Office made a move and arrested Futoshi Sano (Influencer at his son’s examination) and Koji Taniguchi (Entrance examination broker) who were suspects and graduates of Waseda University as the ones that were responsible for the actual execution of the crime, selling backdoor admissions to Tokyo Medical University (Money-powered backdoor private university). In connection with this scandal, college tuition worth 60 million yen, including school bonds and donations, etc. received insufficient coverage by academic homepage or journals, TV programs by NHK, newspapers, weekly magazines and annual university’s ranking books was rarely discussed by academic societies except the academic homepage, ‘chairperson.jp.’ It was confirmed that Mr. Ben Johnson used a banned drug for the 1988 Seoul Olympics. The graduates of Waseda University met in the cold winter of 2018 for the entrance examination to Tokyo Medical University and conducted a sweet (rich) backdoor admission, but no quotations have been seen from the academic homepage, ‘chairperson.jp.’ To make the matter worse, while a massive amount of taxpayers’ money is injected in private universities, academic harassment by the University of Tokyo against me has intensified. Some graduates of the University of Tokyo dropped their heads abruptly toward me, a graduate of Mie University which has only 10% of mediocre undergraduate students as of the Olympic year of 2020, and said time and time again, ‘we feel strangeness (to you),’ ‘lower,’ or ‘greenhorn’ and perhaps due to a rivalry. Because of the fact that most graduates of the National Universities are not graduates of the medical department or graduate school with doctor’s licenses and Ph. Ds which enable them to have a higher status or income than average, they might have inferior complexes, they will not even acknowledge me as probably the only medical doctor, Doctor of Medical Science and expert in the field of college admissions irregularities. No friendship as a brilliant graduate is developed between Mie University and other national universities like the University of Tokyo and they treat me as a rank outsider. For your information, you can find the following articles on our homepage ‘chairperson.jp’: In paper on July 25, 2012 (The University of Tokyo, The University of Manchester) ‘According to our rigid evaluation, the brains of the University of Manchester also couldn’t stop the ‘Zero Marks Medicine’ which Tokyo Medical University (one of the third-class private universities in Japan) has continued for a long time without the medical education this summer,’ in ‘Paper on July 26, 2013 (China),’ ‘The research, which contains the backdoor (secret introduction by the influential person) of the graduates of Waseda University where Mr. Hu Jintao gave a speech and enjoyed playing a table tennis in Tokyo in 2008, will be received by the Politburo of the Communist Party of China through many high class hotels in Beijing,’ and in ‘Paper on December 10 or 11, 2013 (Harvard University),’ ‘Try the Gusto brand coffee in Japan. I think you’ll like it.’

Hotel Manager: Mr. Carsten Seubert

General Manager, when a party for the Winer Philharmoniker was held on November 11, 2019 in Tokyo, I introduced a cocktail ‘Chairperson,’ to Ambassador Hubert Heiss as only one cocktail for chairpersons on the earth. The President and First Violin of the Winer Philharmoniker told me, ‘I heard from Dr. Shida today that a former president of the orchestra had said that Conductor Karajan had encouraged the Winer Philharmoniker members’ feelings of rivalry toward the Berlin Philharmoniker at his lecture. In the 21st century, however, the Winer Philharmoniker have a friendship with the Berliner Philharmoniker with no feelings of rivalry.’ When I met five French and one Japanese chefs at the Alain Ducasse Group that has the total of ten Michelin stars in the world on November 9, 2019 and Mr. Heinz Beck, a German chef, who is a chef at the only one three-Michelin star restaurant in Rome on December 1, 2019, they didn’t answer to my question because they said they already went into the kitchen. However, I had a chance to get an answer from Mr. Gabriel Kreuther, an owner chef of Restaurant Gabriel Kreuther, one of the top restaurants in New York two times. I asked him on December 3, 2019, ‘I met Chef Kreuther twice on November 21, 2008 and today and I was able to hear your answer to my question last time when you worked for MoMA Restaurant; ‘You (Dr. Shida) are contributing to society at the Japanese Red Cross Society in Tokyo Metropolitan area. We, MoMA is holding a Charity Dinner Events.’ And today my question is that why you have tried to answer to many kinds of questions including the information which is necessary for your customers in the world? The reason for that is your awareness and responsibility as one of New York’s Top Chefs in the U.S.A., and contribution to the development of the entire culinary world? Is my understanding correct?’ he answered, ‘Yes, OK.’ What chefs, bartenders, hotel managers, and ambassadors from various countries and others take pictures and share with me contributes not only to their respective fields of specialty, such as the culinary, beverage or hotelier world, politics, and economy etc. but to

“Stupid, foolish and idiot” (?)

gender-equal society that my Chairperson Cocktail advocates and further development of the global medical and educational fields indirectly, for which I am thankful. Needless to say, not only Germany which is Japan’s allied nation during World War II that is referred to as the ‘Honor Student in Europe (a model country in the European Union)’ (Newsweek) this century but the rest of the world has diverse histories and cultures, which vary from one country, ethnic group or university to another. As you can see from ‘Paper on July 1, 2019 (The Supreme Court of California, U.S.A.)’ in the academic homepage, ‘chairperson.jp,’ it is difficult to say that the Japanese judicial system, including questions and answers (accountability), works properly as it stands. It has no sense of tension on occasion. In China, Bai du, the No. 1 Chinese Internet search engine with a more than 60% share in China, and the second-largest engine in the world, stepped up online censorship and deleted the academic homepage, ‘chairperson.jp’ in the late 2019 temporarily (?). As a professor of Columbia University said, many Chinese people, including students, graduates and teachers of Peking University or Tsinghua University studied at universities in the U.S., etc. including Harvard University (that values brilliant persons, fairness) have accepted the freedom of learning in the foreign countries as international students, etc. and gone back to China, still a big tiger may not earn a beating in China. In Japan, Mr. Shinzo Abe, Prime Minister and the President of the Liberal Democratic Party (LDP), has been mockingly referred to as ‘Ahomomics (Stupid Person’s Economic Policy)’ in public for a long time since 2013. On January 2, 2020, Australia Prime Minister Scott Morrison could not get support on the government’s countermeasures against Australia’s massive bushfires that have continued since last summer. He was denounced by local residents affected by the fires as ‘(Mr. Morrison is) foolish and idiot.’ You can confirm these academically harsh evaluations in papers on the Internet as much as you want as is the case with positive evaluations at any universities in the world except those in China (?).”

I asked a question to five chefs at the Alain Ducasse Group in writing on November 9, 2019: “I heard that the Alain Ducasse Group shut down its restaurant at St. Regis Hotel New York following the closure of the restaurant at Jumeirah Essex House New York. It looks that Benoit Restaurant New York, which is more casual than Alain Ducasse Restaurants, has been successful, but why aren’t the restaurants of the Alain Ducasse Restaurant (Fine dining) accepted in New York? I have once had dinner at the Alain Ducasse Restaurant at St. Regis Hotel New York and remember that its location, interior, services, impression of the guests, tables, food, alcohol drinks (though I don’t know very much about wines) the restaurant offered were top-notch just like the dinner I had at Alain Ducasse Restaurant at Dorchester Hotel.”

21 世紀、日本は少子化に伴い大学入学者が減少し、私立大学の大学入学試験で学科試験以外の推薦入試、エスカレーター入試、AO 入試などの枠を拡げました。その結果、米国東海岸の Ivy League に対して日本で有名な東京六大学（東京の有名大学による野球リーグ）、私立早稲田大学、私立慶應義塾大学、私立明治大学、私立立教大学、私立法政大学、国立東京大学のうち国立東京大学を除いた 5 つの私立大学ではいわゆる凡才が増え、国立大学では秀才が支配的な空気であるのと対照的に、私立大学では凡才が支配的な空気になっています。国立東京大学学部生には凡才は一人もいませんが、残り 5 つの私立大学では、学部生の 2～4 割程度が秀才と言われない凡才で、私立大学の凡才と国立大学の学科試験を通った秀才をしばしば重ねます。例えば日本で有名な Talent の櫻井翔さんは、映画俳優として秀才の国立大学医師を演じ、日本で有名な NHK 紅白歌合戦で歌手並びに司会者として出演され、民放 News 番組で Caster と News 解説者を務めてみえますが、実際は私立大学ご出身の凡才です。福島大学など国立大学に合格する秀才とは言われず、医師国家試験、弁護士国家試験の試験も通ってみえず、博士論文も書いてみえません。この私立大学出身者が秀才と重ねる傾向は特に東京 6 大学の私立大学において顕著で、「なるほど」「大丈夫」「強い」と繰り返される競争心（私立早稲田大学などの私立大学は、頭が強くない凡才が国立大学より多く、Complex がおありになる）からか、国立福島大学の学部学科試験を通った私が秀才という結果でさえ認めようとされません。六本木 Hills Club の Fifty-one Lounge でも、普段 Time、Newsweek も読んでみえない教養のない大きな声、医師と看護師の区別もついていない様な私立大学 Level のあほくさい話がよく聞かれます。また、私立大学医学部医学科の高額な学費、入試 Broker についてはほぼ報道されず、国立東京大学の教授陣、日本医学教育学会の理事会は、私からの議論にお答えにならず。結果として日本の大学においては、医学教育分野の数字が当てにならない状況に陥っています。千円の買い物をすると、消費税が 80 円または 100 円との数字が繰り返し報道され、7 人に 1 人の子供が貧困で、生活苦による自殺者も少なくない日本で東京地検特捜部が動き、私立東京医大の裏口金権入試での佐野太容疑者（早稲田大学学士、親の七光り）と谷口浩司容疑者（早稲田大学学士、入試 Broker）を逮捕した裏口金権入学の学債、寄附金等を含めた学費が 6 千万円という数字は、学術 Homepage「chairperson.jp」以外の学術 Homepage、学術誌、学術学会での議論、NHK TV での特集番組、新聞、週刊誌、大学ランキング雑誌からはほとんど聞かれていません。Mr. Ben Johnson は 1988 年 Seoul Olympic で Doping 禁止薬物を使用した Doping が確認され、早稲田大学卒業生は、私立東京医大の 2018 年大学入学試験に際して寒い冬にお二人が会い、そこで甘い裏口入試をやってみえますが、学術 Homepage「chairperson.jp」からの引用等、見受けられません。さらに悪いことには、私立大学に多額の税金が投入される中、国立東京大学からの私 (Dr. 志田) への Academic Harassment が激しさを増しています。東京 Olympic 開催 2020 年の時点で凡才の学部生が 1 割程の国立三重大学出身の私に対して、頭をガクッと落として「違和感がある」「下」「お坊ちゃま」と繰り返される Rival 心（国立大学においても、社会的地位及び収入が平均より上になる医師資格、博士の称号を持つ医学科、医学研究科以外の卒業生がほとんどで、Complex がおありになる）からか、不正入試の研究、教育を恐らく世界で唯一進めている医師、博士、専門家という事実でさえ認め様とされず、三重大学と東京大学などの国立大学、秀才同士の仲間の友情はありません。門外漢扱いです。ちなみに学術 Homepage「chairperson.jp」内「Paper on July 25, 2012 (The University of Tokyo, The University of Manchester)」では、「According to our rigid evaluation, the brains of the University of Manchester also couldn't stop the “Zero Marks Medicine” which Tokyo Medical University (one of the third-class private universities in Japan) has continued for a long time without the

medical education this summer.」、「Paper on July 26, 2013 (China)」では「The research, which contains the backdoor (secret introduction by the influential person) of the graduates of Waseda University where Mr. Hu Jintao gave a speech and enjoyed playing a table tennis in Tokyo in 2008, will be received by the Politburo of the Communist Party of China through many high class hotels in Beijing.」、「Paper on December 10 or 11, 2013 (Harvard University)」では「Try the Gusto brand coffee in Japan. I think you'll like it.」との記載をみていただけます。

General Manager、2019年11月11日に Winer Philharmoniker の交歓会が東京で催され、駐日 Austria 大使 Mr. Hubert Heiss に、私から「地球上で唯一の Chairperson の Cocktail、『Chairperson』です」とご紹介させていただき、Winer Philharmoniker 楽団長からは、「前楽団長は、『Conductor Karajan は、Winer Philharmoniker 楽団員に対し Berlin Philharmoniker への Rival 心を煽っていました。』と講演で述べられたと志田先生から今日伺いましたが、21世紀の Winer Philharmoniker は、Berliner Philharmoniker への友情がありまして、競争心はありません。」とのお話をいただきました。また、2019年11月9日にお会いした世界で合計10個の星をもつ Alain Ducasse Group の5人の France 人及び日本人 Chef、2019年12月1日にお会いした Rome で唯一 Michelin 3つ星を獲得してみえる German (ドイツ人) の Chef、Mr. Heinz Beck は、「厨房に入りました」との理由で私 (Dr.志田) からの質疑にお答えいただかなかった一方、2008年11月21日と2019年12月3日の2回お会いする機会がありました New York Top Restaurant の一つである Restaurant Gabriel Kreuther の Owner Chef、Mr. Gabriel Kreuther は、2回共私からの質疑に対してご回答をお聞きすることが出来ました。2008年当時は、The Museum of Modern Art (MoMA)の Restaurant The Modern に Executive Chef として勤務してみえ、「志田先生は日本赤十字社で社会貢献をしてみえるとのことですが、私達の MoMA では Charity Dinner Event など開いています。」との Comment をいただき、昨年2019年は、私からの質疑「『Chefが、Guestにとって必要な情報など Chefへの質問になるべく回答されてますのは、AmericaのNew York、Top Chefのお一人としての自覚、責任及び料理界全体の発展への貢献という理由でよろしかったでしょうか』に対しては、おっしゃる通りです。」とのお答えをいただきました。Chef、Bartender、Hotel Manager、各国大使などがそれぞれのお立場から私と写真を撮って少しお話いただくことは、各人がご専門の世界の料理界、飲料界、Hotel 業界、政治、経済などの世界に留まらず、Chairperson Cocktailが進める男女平等社会及び間接的に世界の医学界、教育界の発展にも寄与していただいてまして私感謝してまところですが、第二次世界大戦時日本と Italia の同盟国、今世紀は「欧州の優等生 (EUの優等国)」(Newsweek) でみえる Germany(ドイツ)を始めとしまして、言うまでもなく国、民族、大学などによりまして歴史、文化は様々です。学術 Homepage「chairperson.jp」内「Paper on July 1, 2019 (The Supreme Court of California, U.S.A.)」をみていただきますとお分かりになります様に、日本の司法制度は、質疑応答(説明責任の有無)を含めうまく機能しているとは言い難い状況です。時に、緊張感も感じられません。また中国では、中国国内での検索シェアが60%以上で Top、世界では Google に次いで検索シェア2位の Internet 検索 Site 中国の百度 (Baidu) が、昨年2019年後半に学術 Homepage「chairperson.jp」を「厳しい検閲」で一時的に(??)交通整理(削除)されました。北京大学、精華大学の学生、卒業生、教官を含む数多くの中国人が、Columbia 大学教授の言われる様に(秀才、公正を重んじる) Harvard 大学など米国などの大学に留学され、学問の自由を他国で享受してみえる中国ですが、大きな虎は叩かれないのかも知れません。日本では、自由民主党総裁、頭のない(凡才の)安倍晋三総理が、2013年より「アホノミクス」と長年公然と揶揄され、2020年1月2日、AustraliaのScott Morrison首相は、2019夏頃より断続的に続く激しい森林火災に対する政府の実行対策が支持を得られず、被災地区の住民から「(Morrison首相は)ばか、まぬけ」と罵倒されました。これら学術的にも厳しい評価は、中国本土の大学などを除いた(?)世界中の大学において、肯定的な評価と同様 Internet 上の論文等で心行くまで全て確認することが出来ます。
