Mr. Wang Quan Sheng  
General Manager  
Beijing Hotel  
Beijing, China

Dear Mr. Wang,

I'm currently staying at the Beijing Hotel in Beijing. I appreciate your kindness in allowing me to have stayed at the Beijing Hotel and commenting to you, as I did at Osaka University, on July 26, 2013.

**Mr. Allan Federer: General Manager of the Ritz-Carlton Hotel Moscow (May 23, 2013)**

**Mr. Wang Quan Sheng: General Manager of the Beijing Hotel (July 26, 2013)**

Dr. Shida provides an explanation to Mr. Federer and Mr. Wang \* Reference: the Movie "007 Skyfall"

"The University of Tokyo and Kyoto University have repeatedly disregarded my study at the Japan Society for Medical Education. Then the trend where I (Dr. Shida) am now in Japan is that how irrelevant my 'Chairperson 20th Anniversary Treatise' has become. Why do we need the study 'Doping-Backdoor Theory' and 'My Way'? Isn't it all rather quaint? Well, I suppose I see a different world than universities, societies, the Diet or the mass media do. And the truth is that what I see is unfair and harmful to us. I'm frightened because our enemies are no longer known to us. They do not exist on a map. They're not nations. They are individuals. Look around you. Who do you fear? Can you see a face? A uniform? A flag? No. Our world is not more transparent now. It's more opaque. That's where we must do battle. So, before you declare us irrelevant, ask yourselves how fair and safe do you feel? As your hotels representing Russia and China, the member countries of the UN Security Council, know, inappropriate male-female relationships are common in France, academic clique pressure in USA and England, and the backdoor in Russia and China."
