Mr. Marc Von Arnim  
General Manager  
Park Hyatt Hotel  
Sydney, Australia

Dear Mr. Arnim,

I stay at the Park Hyatt Hotel in Sydney on April 27, 2015. I appreciate your kindness in allowing me to stay at the Park Hyatt Hotel and to give a comment to you, as I did at Osaka University, on April 27, 2015.

**Mr. Marc Von Arnim: General Manager of the Park Hyatt Sydney (April 27, 2015)**

Dr. Shida provides an explanation to Mr. Von Arnim

“Mr Luke Mangan, Australia’s leading chef said ‘I accept our Australian story (‘Mr. David Powell who came from Scotland had received all kinds of harassment from other Australian winemakers in 1994.’) affirmatively. We attracted attention and got a publicity. I like business.’ on August 24, 2010. A staff of Shangri-La Hotel Sydney knew a taxi driver who liked business (?) and made a detour from the Sydney Opera House to the Shangri-La Hotel on January 26 2013 like a taxi driver did from the Las Vegas Airport to the Hilton Hotel («present» Westgate Hotel) Las Vegas on May 11, 2011. And the Australian national soccer team is sometimes pointed out their rough (*Kitanai*) plays to other national teams by the Japanese mass media. In Japan, Prof. Osamu Taguchi has showed a special rough (*Monosugoku Egetsunai*) play in Mie Prefecture. The Sanikai (Alumni Association of Mie University Faculty of Medicine) including his medical team for respiratory patients expelled me from Mie Prefecture, speaking ill of me (Dr. Shida), ‘Crazy (*Okashii*).’ Then I lost my post in Mie University and money totalling hundred million units (yen) including research team funds. Dr. Taguchi and his medical team (Alumni Association of Mie University Faculty of Medicine) have been making money in Mie Prefecture for the last 20 years. We have never heard of their self-recognition on the humanity of Dr. Taguchi’s medical team. Of course, I (Dr. Shida) have neither slept (*Netoru*) with his wife, Dr. Yukiko Taguchi as a revenge (*Shikaeshi*), like former Japanese Prime Minister Yukio Hatoyama slept with a wife of someone else who is now his wife, nor sent a cutter blade to Dr. Setsuko Ueno, like Dr. Koji Fukai did. Two doctors who have business experience with Teikyo University (Japan), Dr. Fukuko Shimura and Prof. Masahiro Kami are famous for being faced with scathing criticism against other universities’ wrongful (Nonsense «*Imiganai*»...) medicine. Japanese mass media plays up them as a crime avenger. On the other hand, two doctors shut their mouths and stay silent about the backdoor and low-level medicine of Teikyo University which has given salary to them. The Yoshihito Okinaga family and a bank in Liechtenstein (Backdoor), Dr. Kazuhiro Otsuka (Criminal), Dr. Masayoshi Shintani (‘Vicious Operation’)... General Manager, this is my point. We, Japanese often cannot accept our wrong way. The first or near first-class universities and academic society should reconsider. At least, it is not good that Japanese mass media raises (*Atsukau*) them as a hero. In our case also, Mie University and Japanese Respiratory Society had better recognize the truth, and stop giving a post to Dr. Osamu Taguchi, Professor of Mie University and Chairperson of Tokai (Central area of Japan) branch of the Japanese Respiratory Society. Otherwise, ‘Outlaw (excluded from the rules) does anything he likes and wins (*Yattamonogachi*).’”

Mr. Luke Mangan

“Criminals in the town used to be in things, honor, respect... But the Sanikai knew Dr. Shida was tough (?), not to ‘be trifled (*Chuutohanpa*)’ with, so they let him know they meant business.”
