Assistant General Manager  
Steigenberger Hotel Berlin  
Berlin, Germany

Dear Executive Assistant General Manager,

This is the first time for me to send a letter about our study to your hotel. I am the Doctor and Chairperson of Sports in Japan. It is my pleasure to introduce our academic homepage “**chairperson.jp**” which is visited from all over the world excluding China (?). For your information, I have informed about the “**Chairperson 20th Anniversary Treatise**” which is an unconventional style (not a full paper style) to the professors of the University of Tokyo in 2012, Harvard University in 2013, Oxford University in 2014 and Paris University in 2015 for the “**Doping-Backdoor Theory**,” the general managers or assistant general managers of hundreds of four or five-star hotels around the world for the “**Chairperson Cocktail**” and the regular members of the Vienna Philharmonic Orchestra for “**My Way**” in (2010 and) 2016. “There are one and only theory and cocktail for universities and hotels in the 21st century.”

In Japan, Waseda University, the sole first-class private university, does not use the entrance-examination broker and 70 ~ 80% of the undergraduate students have a brain. Dr. Kaoru Kamata, (former) President of Waseda University and his henchmen spoke ill of me at Waseda University, “We (Waseda) can’t accept Dr. Shida’s way of conducting his research. He promotes his research on the floor, not on the stage ...” behind my back on July 10, 2006. From a bitter (not sweet) view point, three-fourth of undergraduate students of Waseda University are strong and one-fourth of them are weak, like Keio University which is the third-class private university to use the entrance-examination broker. “Quarter Weak (*San-kyou, Ichi-jaku*).” The University of Tokyo is the best one among about ten first-class public universities which does not use the entrance-examination broker and 100% of the undergraduate students have a brain. Two professors of the University of Tokyo gave their historical and traditional ‘Academic Harassment’ to me at the University of Tokyo. They dropped their head abruptly towards me on March 14 and May 22, 2012. For your reference, Fukushima University and my old school, Mie University are near first-class public universities which do not use the entrance-examination broker and 90% of the undergraduate students have a brain.

Assistant General Manager, it would be grateful if your hotel is interested in my research. And I am content that your hotel just gets to know our cocktail “**Chairperson.**” No response will be needed. These serious situations for our study in the academic field in Japan had been reported to the Board of Directors of the Japan Society for Medical Education on May 30, 2015. Please feel relieved, but a little.

Sincerely,

Yukihisa SHIDA (M.D., Ph.D., Mie University, Japan)

AMERICAN BAR

I will take a business trip to Berlin and stay at the Adlon Hotel Kempinski Berlin near the Brandenburger Tor (Gate) on January 24 and 25, at Ritz-Carlton Hotel Berlin near the Potsdamer Platz (Square) on January 26 and 27, 2020. Not to mention, the world-famous gate and square have been released from the heavy government control in 1989 and continued to be a symbol and hub for free transportation on goods, money, people and information up to now. In contrast, the academic homepage “**chairperson.jp**” was blocked by the “百度(Bai du, No.1 in China and No.2 in the world internet search engine, 李彦宏« Robin LI» Chairperson & CEO)” in 2019. A bar in London saw me when introduced the cocktail “**Chairperson**” like the British agent 007 on January 6, 2006 and a university in Beijing might have mistaken me who opened the academic homepage “**chairperson.jp**” for a real spy in 2019 in China where people say that their bureaucrats develop the country. Then I hope that a restaurant in Berlin will not mistake me for a real spy on January 27, 2020. Google Japan (Representative Director: Ms. Mihoko ROBERTSON) and the Russian Embassy to Japan (His Excellency Mr. Mikhail GALUZIN), etc. have recognized me as a doctor and chairperson of sports at the Roppongihills Club, Japan in Tokyo. However, Assistant General Manager, it is no problem for me that German people mistake me for an American agent Ethan HUNT in Berlin in 2020.
