August 30, 2013

His Excellency Mr. Luc Liebaut  
Ambassador to Japan  
Embassy of Belgium  
Tokyo, Japan

Dear Excellency,

Please accept my heartfelt appreciation for your kindness in having allowed me to attend the party at the Belgian Embassy and to comment to you, as I did at Osaka University, on August 24, 2013.

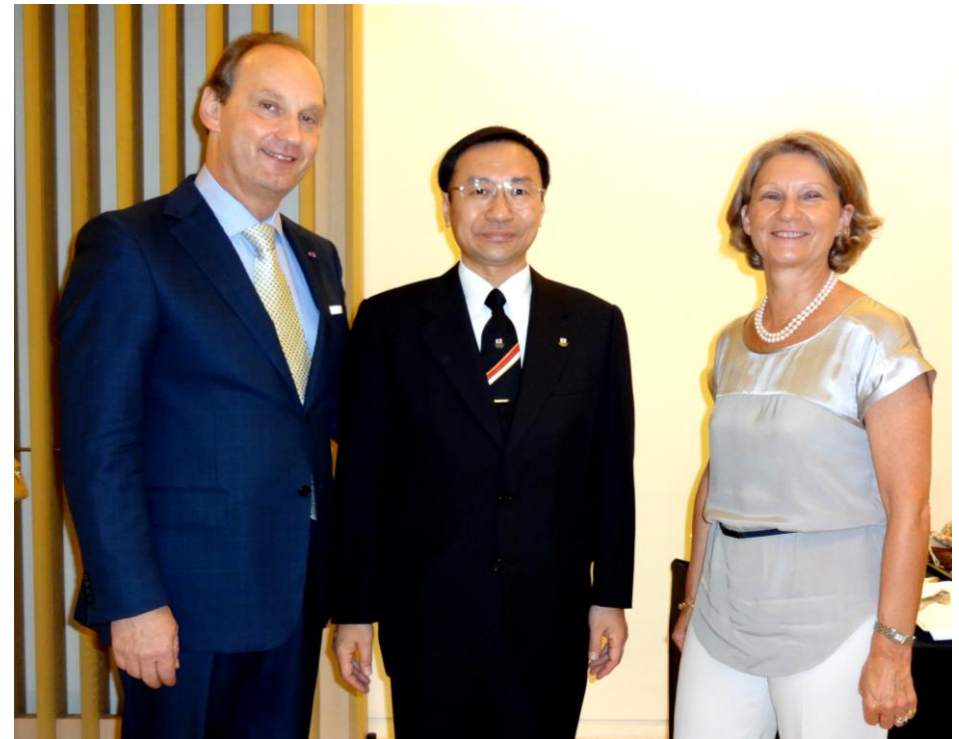

**Mr. Luc Liebaut: Belgian Ambassador to Japan (August 24, 2013)**

Mr. Liebaut comments on the Belgian Embassy's official homepage

**"Together with the full staff of the Embassy I am looking forward to welcoming you personally at our new Embassy. If we can be of any further assistance to you, please do not hesitate to contact or to visit us. We are happy to receive you and to help you with your queries."**

Dr. Shida replies to Mr. Liebaut

**"I will contact Dr. Ashish Jha, Professor of the Public Health of Harvard University, in Tokyo on October 19 and visit the all teachers of Harvard University on 10 or 11 December, 2013. I am looking forward to their personal welcome in Boston and the surrounding area, and I will be happy if American people will accept me and help us find an answer to our worldwide queries entitled 'The Doping - Backdoor Theory since 1999' by way of discussion. Mr. Ambassador, the academic cliques of two private universities, Waseda and Keio universities have controlled the information on themselves in the Japanese mass media. Indeed, there is a lack of information on the rudeness (Extortion, Rape) by famous anchor Hiroshi Kume (Waseda graduate) and (former) Prime Minister Junichiro Koizumi (Keio graduate), unlike the reports on the American Army in Okinawa, Japan."**

Respectfully,

Yukihisa SHIDA, M.D., Ph.D.
