Mr. Yasuhiko Ogura Chief Tsu Tax Office Tsu City, Mie Prefecture, Japan

Dear Mr. Ogura,

Tsu Tax Office

I am Yukihisa Shida, M.D., Ph.D. of Mie University from Tsu City and a graduate of national Mie University. Presently, I live in the Tokyo metropolitan area, work as a M.D. and Ph.D. and belong to the Roppongi Hills Club. I returned home on March 7, 2020 when my late mother, Ikuyo Shida's funeral was held at Daizenji Temple (672 Kanbe, Tsu City, Mie Prefecture).

On this occasion, I asked the temple the amount of cash my late father, Sigeo Shida, who passed away on March 29, 2018 (old address: 766-11 Kannonji-cho, Tsu City, Mie Prefecture) and my late mother, Ikuyo Shida, who passed away on March 1, 2020 (old address: 766-11 Kannonji-cho, Tsu City, Mie Prefecture) paid to them and found there was a difference of the amount paid between Chief Priest Tsuchikawa and myself, their only son and first son. Daizenji Temple (Mr. Tsuchikawa) said, "Your mother paid 150 thousand yen (1,380 US\$) for a tomb and land in the temple, but I found that the cost of land was 200 thousand yen (1,840 US\$) when I checked again, so I would like you to pay the balance of 50 thousand yen (460 US\$) as additional cost." So, I requested him to show the temple's account books and a copy of receipt for my parents so that he could prove that they paid 15 thousand yen for the tomb and land on, March 7, 2020, asking his mother's presence. Then, he said, "There is neither account books nor copy of receipt." Since then, one year passed as of today, March 7, 2021, but I have not received any reply from him about this trouble. For your reference, my parents told me that they had paid 700 thousand yen in cash for perpetual memorial services, but the chief priest said that as my family didn't have a tomb in his temple, he would never received such a large amount of money as 700 thousand yen for perpetual memorial services from my parents and same applies to those who have tombs in his temple. He also said the temple issued a receipt. It is highly likely that my parents did neither ask nor receive a receipt from the temple. A local taxi driver (who knows many things about that local area) said to me about this "The dead can't speak," when I took a taxi to return to the Tsu Shinmachi Station from the temple on March 7, 2020.

I would like you to provide administrative guidance to the temple so that they will report the income properly and will not cause any trouble in the future. The world has faced hardship since 2020 due to the spread of COVID-19. Especially in these challenging times, both your tax office and Mie University Hospital, my old school, are requested to do their job. For your reference, some problematic business manners were found at the Tsu Family Court, The Hyakugo Bank, and Mie Central Medical Center in my home town, Tsu City, Mie Prefecture. If you want, please refer to "Paper on October 21, 2018 (The Tsu Family Court, Japan)," "Paper on November 5, 2018 (Hyakugo Bank, Japan)," "Paper on June 21, 2019 (The Nagoya High Court, Japan)," "Paper on October 1, 2019 (China)," "Paper on February 21, 2020 (The Nagoya High Court, Japan)."

On December 21, 2020, a female staff who is responsible for online trading at the telephone center of Daiwa Securities spoke to me " $E\sim E\sim$ (well, well)," or "Hai, Hai (yes, yes)" so I asked her to stop saying so. In addition to her poor telephone manner with lack of intensity, she gave me faulty instruction to the practice of trading a security of Mizuho Financial Group (one of Japan's three megabanks) I own totaling 10 million yen (92,000 US\$). Daiwa Securities' online trading telephone center miscalculated tax refund in the amount of 500 thousand yen (4,600 US\$), after 5 minutes, the staff called back to me to immediately cancel my new online trading, so everything was okay. It means that her low-level job performance shows that as the second-largest security company in Japan, next to Nomura Securities, Daiwa Securities doesn't seem to establish its work systems.

"Foolish octopus dance," President Seiji Nakata
(Why not playing an active role in the field of sports? In the medical world where we,
national universities, belong to, he cannot become a nurse nor a doctor, but can be a
careworker «assistance nurse» or pharmacist without any feeling of strangeness at the hospital.)

In the afternoon of February 23, 2021, a contract part-time TV newscaster, a mediocrity who is a graduate of a private university in Kyoto Prefecture and lacks a feeling of tension ("Hecchatteru," "Fuecchatteru" like children's Japanese), explained COVID-19 with a grinning mediocre infection specialist doctor of a private university in Aichi Prefecture on TV show of a commercial television broadcasting in Tokyo, saying that the number of infected persons including deaths has decreased or increased in a very informal manner. It was a national TV show of TBS (Tokyo Broadcasting System) in Akasaka. In contract, the governors appeared on television in Japan every day to call for preventive measures against the spread of COVID-19 to decrease the number of infected persons and deaths. Please refer to an article, "Behind every COVID-19 death is a family trying to cope (December 6, 2020)" on BBC Japan website.

"A burden on medicine who makes a *Pah* (Stupid) gesture," TV Caster Ryoji ISHII and infection specialist doctor. (They are mediocrities and in a medically difficult position.)

Thank you for your attention to the above. Unlike the above official organization, private company, and private broadcasting, your tax office did great job with a sense of tension and in a careful manner. Chief, when you come to Tokyo on business, please visit our Roppongi Hills Club.

Sincerely,

Yukihisa SHIDA M.D., Ph.D., Mie University

三重県 津税務署署長 小倉康彦殿

いつもお世話になります。

私、三重県津市及び国立三重大学出身、三重大学医学博士の志田幸久と申します。現在東京首都圏在住、在勤、六本木 Hills Club 会員ですが、昨年 2020 年 3 月 7 日に私の母親亡 志田いく代のお葬式が大善寺(三重県津市神戸 672)で執り行われましたため津に帰省致しました。

その際、私の両親、父親亡 志田成男(2018年3月29日永眠、旧住所:三重県津市観 音寺町 766-11) と母親亡 志田いく代(2020年3月1日永眠、旧住所:三重県津市観 音寺町 766-11) が生前大善寺に納めさせていただいた現金につきまして確認させてい ただきましたところ、大善寺の土川則喜住職と私一人息子で長男の志田幸久の間で金 額の相違がありました。「お母様(亡 志田いく代)から生前いただいてました大善寺の お墓の土地代金は 15 万円でしたが、改めて確認しましたところ 20 万円の土地であり ましたため、差額の5万円を追加代金としてお納め下さい。|との私への申し出があり、 そのため大善寺の住職が私の両親が大善寺に支払いをしたとお話される両親亡 志田 成男、亡 志田いく代のお墓土地代金15万円の大善寺の帳簿(記録)と領収書の控えの 提示を、同日 2020 年 3 月 7 日大善寺の境内で住職に住職のお母様立ち合いの元 求め ました。そうしましたところ「帳簿(記録)も領収書の控えもありません。」(大善寺: 土川則喜住職)とのご回答が口頭でありまして、その後帳簿と領収書の控えに関しまし て大善寺よりは何のご連絡もなく、1年後の本日2021年3月7日に至っています。な お両親からはお墓土地代金とは別に、両親の大善寺での(お墓)永代供養も現金で70 万円を大善寺にお支払い済であります旨生前に聞いていましたが、大善寺からは「志田 さんはうちの檀家ではありませんでしたが、檀家さんも含め永代供養などで70万円も の大金をいただくことは一切ありません。領収書もお出ししています。」(大善寺:土川 則喜住職)とのご説明でした。私の両親は、大善寺発行の領収書は請求も受領もしてい ない可能性が高く、2020年3月7日大善寺からの帰りに最寄駅の近鉄津新町駅まで乗 りました地元 Taxi の運転手さんは、同日大善寺での Trouble に関して Taxi 車内で「死 人に口なし」と言われてました。

津税務署におかれましては、大善寺にてこの様な Trouble が生じませんように、今後は大善寺の税務申告を適確に行政指導していただければ幸いです。2020 年から新型 Coronavirus 感染症流行のため世界中で大変な年になっていますが、この時期にはなおさら、私の母校三重大学大学病院も含め、僭越ながら津税務署におかれましてもきちんとした仕事が求められます。なお私の故郷三重県津市におきましては、過去 津家庭裁判所、百五銀行、国立病院機構 三重中央医療センターにて問題のある Business Manner が見受けられていまして、よろしければ学術 Homepage「chairperson.jp」内 Academic Papers「Paper on October 21, 2018 (The Tsu Family Court, Japan)」、「Paper on November 5, 2018 (Hyakugo Bank, Japan)」、「Paper on June 21, 2019 (The Nagoya High Court, Japan)」「Paper on October 1, 2019 (China)」、「Paper on February 21, 2020 (The Nagoya High Court, Japan)」をご参照下さい。

またご参考までに、2020年12月21日 大和証券におきまして、Online 取引 Telephone Center の担当女性が顧客であります私に対して「えーえー」「はいはい」調でみえましたため、私から担当女性にご注意申し上げましたところ、その緊張感のない大和証券の電話対応の上、私のみずほフィナンシャルグループ(日本3大 Megabankの一角)の時価約1千万円の株の同日取引に対して間違った説明(大和証券 Online 取引

Telephone Center において税金還付金 50 万円程の計算間違い)をされました。5 分後に訂正の折り返しの電話をいただき、

新たな私からのOnline株式注文をすぐにCancelしましたため事なきを得ましたが、「えーえー」「はいはい」調の緊張感のないあほくさいお仕事は、日本の証券業界で野村證券に次ぐ2番手の大手証券会社としましては、社員の勤務管理体制が出来てみえないご様子です。
