Dear Bartenders of the Luxury Hotels,

I am Yukihiisa SHIDA, a Japanese medical doctor who invented a cocktail, "Chairperson" in 2004. I have booked a room of the Four Seasons Hotel Paris on October 28, Ritz Hotel Paris on October 29, Shangri-la Hotel London on October 30 and Claridge's Hotel London on October 31, 2022. If possible, I would like to hear your comment on the cocktail "Chairperson" and take a picture with you for my memory and for the record of our academic papers at your main bar.

I met two bartenders who won the world's Cocktail Championship this century in Japan in 2022 and told them, "I am a physician, not a professional bartender, but our cocktail 'Chairperson' is one and only cocktail as far as I know, inspired by chairpersons and the cocktail was created at Bar G1 of the Hotel Seiyo Ginza (five-star hotel and closed in 2013) for the first time. I introduced the cocktail 'Chairperson' which you can make at any bar from the American bar at the Savoy Hotel London to more than 1,000 four- or five-star hotels in the cities below around the world... by using the "Chairperson 20th Anniversary Treatise 'Chairperson Cocktail since 2004'" or a memo "Chairperson Cocktail" on the academic homepage "chairperson.jp" as a guide. For example, we can find five to ten recipes about a cocktail 'Olympic' on the internet.

I already heard comments of the following four bartenders (the dates of each comment don't coincide with the dates of photos taken) and had a conversation on cocktails with Mr. Shojiro SATO, President of Nippon Bartenders Association (Japan) in 2012. [Reference: Academic Papers (A) "Paper on March 15, 2012 (Nippon Bartenders Association)" on the academic homepage "chairperson.jp"] They gave an opportunity in regards to the cocktail 'Chairperson' for the world's chairpersons created for equality between women and men in the USA in the 20th century. And Mr. Johnson REN and Mr. Danny KANE: Bar Managers of the China World Hotel in Beijing (Shangri-la Hotels) kindly said to me on June 20, 2008, "We are preparing five Olympic Ring color cocktails for the Beijing Olympic Games this summer (2008) and look forward to adopting the orange cocktail 'Chairperson' with the doctor's name as an 'Olympic Cocktail.'"

Late Mr. Salim KHOURY: Head Bartender of the American Bar at the Savoy Hotel London (January 5, 2006)

“I can imagine if JAMES BOND, the British agent, came into The American Bar one day and told the bartender: Give me a CHAIRPERSON cocktail SHAKEN and not STRAINED and make sure not to forget Angostura bitters!!!! bartender.

Mr. Sompong Boonsri: Head Bartender of the Oriental Hotel Bangkok (January 8, 2007)

“We have already received the doctor’s recipe. We will begin serving the cocktail ‘Chairperson’ to our guests today.”

Mr. Jim MEEHAN: James Beard, Outstanding Bar Program Award Winner in 2012 and Head Bartender of Bar PDT (Please Don’t Tell), New York (December 12, 2013)

“I think the good doctor has captured the body, balance and sophisticated air of the chairperson, and almost eliminated the alcohol! If this is the future of medicine, I have other recipes to adopt!”

Mr. Hiroshi Komoriya: President Hotel Barmen’s Association, Japan (August 27, 2016)

“Dr. Shida, I (Mr. Komoriya) recommend that you continue to promote the ‘Chairperson Cocktail’ in the world.”

At the end, I would like to tell that Angostura Bitters changed the cocktail “Olympic” to cocktail “Chairperson.” Former President of the Hotel Barmen’s Association, Japan and Head Bartender of the Hotel New Otani Tokyo (Forbes total 9 star hotel), Mr. Hiroshi KOMORIYA said to me, “Only a drop of lemon can change the cocktail’s contents and name” again on September 17, 2022. I have researched backdoor entrance examinations around the world. In my research field, an entrance examination broker from private Waseda University (Tokyo) changed Japanese private universities’ contents and names from “University” to “Backdoor University” including private “Tokyo Medical Backdoor University.”

A backdoor mediocre candidate (lower than deviation value of 50) offered more than six million yen (540 thousand US dollars in 2018) for the entrance examination to private Tokyo Medical University to the chairperson of the university to use a broker from private Waseda University.

In Japan, the Ministry of Education, Culture, Sports, Science and Technology has been active behind the scenes to make the private university’s backdoor admission a success in the 21st Century.

I am looking forward to meeting you at your main bar during my stay in Paris and London in October 2022. I will be happy if you could “instantly grasp the customer's sense of values and needs and provide the best service”.

Sincerely,

I answered a questionnaire of the Four Seasons Hotel Otemachi, Tokyo on October 5, 2022. If you would like to refer the letter to General Manager Andrew De Brito of the Four Seasons Hotel Otemachi, Tokyo, please see [Reference: Academic Papers (F) “Paper on October 5, 2022 (Japan Hotel Association)” on the academic homepage “chairperson.jp”] It includes speech contents by General Manager Yukio KANAOKA of the Imperial Hotel Tokyo (Leading Hotels of the World) in 2022, in which he says “instantly grasp the customer's sense of values and needs and provide the best service.”
