Medical Sciences Office
Medical Science Division
University of Oxford
Oxford, United Kingdom

Dear Medical Sciences Office,

My name is Dr. Shida. I study medical education with a focus on backdoor, money-powered universities around the world, as one hundred professors of Osaka University see. I contacted Dr. Jules Dienstag, Dean for Medical Education of Harvard University directly and visited Harvard University on December 10 and 11, 2013. I will meet Prof. Alastair Gray, Director of the Health Economics Research Centre, Department of Public Health and Primary Care, University of Oxford at the St. Luke's Life Science Institute in Tokyo on November 1, 2014. My next plan is to take a business trip to Oxford on January 23 and 24, 2015 to contact the Dean (or a Professor) for Medical Education of University of Oxford directly. It would be highly appreciated if you could tell us the name of the Dean (or a Professor) for Medical Education of University of Oxford. Thank you for your kind cooperation on this matter.

Sincerely,

Yukihisa SHIDA, M.D., Ph.D.
The Doctor and Chairperson of Sports — the fastest pace in history
Team Doctor of the Japan Table Tennis Team (1990-1994)
Chairperson of the International Table Tennis Federation Sports Science Congress (1991)

E-mail: yukihisa.shida@mie-university.com

I am a Mie University (Japanese near first-class public university) alumnus. This e-mail to University of Oxford (top-class private university) is sent from the Ina Hospital (150 beds, Ageo Medical Group «90 hospitals and medical facilities in Japan») in a bad atmosphere, a mixture of the “Low-Humanity and Academic Harassment” created by Japanese public universities (University of Tokyo «Japanese first-class public university»...) and “Not Brilliant and Backdoor” atmosphere created by Japanese private universities (Teikyo University «third-class private university»...) on October 9, 2014.
